

Helping your customers reach their destinations.

Europ Assistance has been helping drivers reach their destinations for over 30 years. Our cover provides for a wide range of emergency repair and recovery services throughout the UK and Ireland. (For European Cover see our separate insert). As a result, we have a product line-up to provide the right package for your particular customer portfolios, which can be white labelled under your own brand.

Nearly two million cars in the UK and Ireland rely on the roadside services of Europ Assistance, and we handle a motor breakdown every three minutes.

Tailored to client requirements...

We can provide roadside assistance and recovery on an insured or assistance-only basis and have experience of serving clients across a variety of sectors.

Our solutions are tailored to meet the needs of your customer base. Our menu includes:

- Roadside fix where possible
- Roadside recovery – local and national
- Onward transport for the driver and passengers
- Overnight emergency accommodation
- Provision of a replacement car
- Legal advice and legal expenses insurance
- Doorstep Cover – roadside assistance at the customer's home
- Message relay
- Medical transfer
- Driver rescue
- European cover

We're on hand to help...

We pride ourselves on our professionalism and responsiveness. Our product specialists have significant market knowledge and industry experience and are here to help you.
